

ASEAN と日本を繋ぐ
「グローバル・ソフトインフラ基礎人材」育成プログラム
実施報告サマリー

受入期間	2018 年 7 月 17 日(火)~2018 年 7 月 24 日(火)
受入国	ラオス
連携大学	ラオス国立大学
受入学生数	2 名
参加学生数	10 名
プログラム概要	<p>環境学研究科では、「グローバル・ソフトインフラ基礎人材」育成プログラムとして、ラオスとの間で短期交換留学プログラムを実施している。「持続可能な地域づくり実践セミナー」に組み込む形で、G-COE で実施してきた ORT（オンサイト・リサーチ・トレーニング）を通じて、様々な視点から学ぶ機会を参加学生に提供する。ラオスと日本の異なる産業基盤や歴史背景を理解しながら、環境保全と開発という共通問題を自覚し、解決するためにどのように取り組まれているのか、ラオスとの共通課題や各国独自の課題について、本学学生とフィールド調査および村の自治組織の訪問、課題解決のための協働を疑似体験してもらい、また、地域の人々との交流を通し日本社会をより身近に感じてもらい、将来自国と日本を繋ぐ人材となる動機付けを行なう。</p>
スケジュール概要 (事前・事後の教育も含む)	<p>学内研修：オリエンテーション、特別講義、討論、調査報告会 実地研修：、岐阜県加茂郡神土地区での調査、訪問、見学（株式会社ふるさと企画）</p>
産学連携： 連携機関、企業、訪問先等	トヨタ産業技術館、げんきの里見学
成果報告 (学生の成長や相手国との連携について)	<p>課題を抱える日本の白川町/東白川村での調査を実施。ラオス国立大学生 2 名を日本に招聘し、本研究科学生および NUOL 学生の総 10 名、TA、引率教員が、地域づくりのようすを調査した。ラオスと自国との類似点や相違点を発見し、自国の課題解決のために応用できるものがないか考える機会を提供した。本学学生とともに実施した調査・討論がお互いに交流を深める場となった。今回、共に調査したメンバーである本学学生が本プログラムの一環で、11 月にラオスを訪れる。今回の受入学生である 2 名とともにラオスで調査を実施するため、相互理解がより深化することを期待する。</p>
実施部局	環境学研究科
実施責任者	横山智（環境学研究科・教授）

2018 Study-tour in Higashi Shirakawa Village

prof. Masao TAKANO
Graduate School of Environmental Studies, Nagoya University
masao@nagoya-u.jp
052-789-2518

- 1) Day
18th-20th/July/2018 (2 stay)
- 2) Locality

The Public officer

- “Super” Population declining –problem in Japan
- Not enough support to accept to migrant
- Industry is declining: forestry, tea producing, agriculture...
- No high school in Higashi-Shirakawa
- 1 hospital
- “The Village has nothing to see”

Forestry worker: Mr. Inagaki

- He knows detail of his forest border
- “Sugi” and “Hinoki”
- The price will be 5 times if pruning
- “Quality, rather than quantity”
- Long span of growing trees
- Importance of relation between human and nature
- Having side work is normal

Community leader: Mr. Abe

- The community members have a good impression for migrants
- The daily life is completely changed in for the past 60 years
- More high education, more moving out
- The community members make effort to sustain their culture or community
- “Mujin” – micro finance

Migrant farmer: Mr. Onishi

- “Tsuki to Tane” (Moon and seeds)
- Organic farming – He can sell high price
- Finding customers via Internet
- He thinks “fun” is important of his life
- Living in former vacant house (“Akiya”)
- Trying to make the shelter for people who are exhausted in city life

Local company: Furusato Kikaku

- Current Profit is similar to cost
- Company for local revitalization
- Making money circulation inside village
- Promoting “Tsuchinoko”
- “experience” is the key point of promoting
- Creating employment for local people
- Has guest house and restaurant service (Japanese traditional style)

Problem

- Population declining
- Industry declining
- Prices of product(e.g. tea, Hinoki...) is declining
- Lackness of promoting and marketing

Resources for sustainability

- Beautiful landscape
- Rich nature resources
- Cooperation inside community
- Harmony between economic and environmental development

Solution

- Setting the better policy to promote coming migrant and growing the children
- : holding the workshop about treating vacant house during summer vacation, knowing the
- Add extra values on the product in this village
- : e.g. organic, pruning...
